

ADDITIONAL EXPENSES & LAPTOP SPECIFICATIONS

Dear Parents and Students,

At the Design Academy of Fashion, we offer a comprehensive qualification in fashion that encompasses a wide spectrum of disciplines, from digital work to hands-on practical skills. Our fashion program integrates theory, writing, illustration, art, computer work, pattern making, and garment construction to provide students with a holistic understanding of the fashion industry.

We understand that studying fashion can be costly, particularly with the need to purchase the equipment necessary and additionally the fabrics and trims for each look created by students. To help alleviate some of these costs, we actively work to source the best prices and seek sponsorships to assist our students in their creative endeavors.

In collaboration with reputable suppliers, we have curated specialized kits to support our students' artistic and practical needs. These kits include an art kit, available at a discounted rate through Deckle Edge, and a sewing kit, sourced from the Cape Town Sewing Center. Both kits are tailored to the specific requirements of our fashion program and can be purchased directly from the respective suppliers.

Please use the following estimation for budgeting purposes:

<i>Description</i>	<i>Requirements</i>	<i>Approximate Price</i>
Sewing Machine (Compulsory)	To excel in our fashion program, students will require both a domestic sewing machine and an overlocker . These essential tools can be purchased from any reputable supplier. As a perk for our DAF students, Elna at Cavendish Square extends a generous 5% discount to assist with these important investments	Sewing Machine: Approx. R6000 Overlocker: Approx. R7500
Laptop (Compulsory)	It is essential that students have a personal laptop capable of running the software applications utilized throughout their three years at DAF. Laptop specs to run Adobe	List of Suppliers: DigiCape, iStore, Computer Mania, Incredible Connection and other retailers.
Adobe Suite Software License (Compulsory)	An annual license can be purchased through our service provider The Learning Curve at substantially discounted student rates. Learning Curve Webstore	R3,699.00 <i>(2025 Price subject to change)</i>

Art Kit (Compulsory)	The DAF art kit can be bought directly from Deckle Edge in Woodstock who provide a 20% student discount. Shop G06, 13 Brickfield Rd, Salt River, Cape Town, 7925	R3,150.00 <i>(2025 Price subject to change)</i>
